

## FIRE STATION AT EXPOSITION

Big Engine and Complete Crew Will Be Ready to Answer Fire Calls.

Fire chief John W. Wray, accompanied by Capt. O. F. Stapleton, Thursday morning made an inspection of the space in one of the Soil Products exhibition buildings, which was reserved for the use of an engine and a full crew from the Central station.

A telephone connected with the switchboard at the Central station will be installed in the building within a few feet of the engine, where the firemen will be stationed in readiness to answer any call. The Seagrave triple combination engine and a crew of five or seven men will be detailed to the exposition, according to chief Wray.

The engine will answer all calls in this district, and sightseers at the exposition are likely to witness the manner in which the fireman answers an alarm, during the time the station is maintained at the exposition.

Don't You Want to Get Away from the Annoying Features of

## Catarrh?

C. E. GAUSS TELLS YOU HOW.

He Offers to Take any Case of Catarrh, no Matter How Chronic or Deep-Seated It Has Become, and Prove That It Can Be Driven Out.

Mr. Gauss has been manufacturing this Combined Treatment for years, during which time over one million have come to him for medicine and advice. The medicine relieves the disease by first removing the cause, and produces results where all else has failed.

Write him today for a free package of GAUSS' COMBINED TREATMENT FOR CATARRH and you will be happily surprised at the results. Fill out the coupon below and send to C. E. GAUSS, 9595 Main St., Marshall, Mich.

### FREE

This coupon is good for a package of GAUSS' COMBINED TREATMENT FOR CATARRH, sent free by mail. Simply fill in your name and address on dotted lines below, and mail to C. E. GAUSS, 9595 Main St., Marshall, Mich.

## CALOMEL TODAY, SICK TOMORROW

Dose of nasty calomel makes you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with your bile it causes it to cause cramping and nausea. If you feel bilious, headache, constipated and all knocked out, just go to your drugstore and get a 50 cent bottle of Dodson's Liver Tonic, which is a harmless vegetable, a substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it—Advertisement.

## ECZEMA ITCHED AND BURNED CONSTANTLY

Used Resinol—Soon Entirely Cured

Mar. 10.—"I had itching eczema for almost four years. My shoulders, neck, arms and just below the knees were affected. It was simply a constant itching, burning, smarting sensation. The part below my knees was frightful. It would itch so, and with the least scratching become so sore. I could hardly stand it to bend them. I could not possibly sit down because I would naturally have to bend my knees, and that I could not do. I could hardly do my housework. I had tried different soaps, ointments, salves, liniments, etc., all so numerous to mention—all to no avail. At last I learned of Resinol Ointment and Resinol Soap and used them according to directions. That night was the first time in many that I slept in peace, and in a short time I was entirely cured." (Signed) Mrs. G. C. Silbey, Box 26, Rockville, N. Y.

All druggists sell Resinol Ointment and Resinol Soap. For samples, free, write to Dept. 3-R, Resinol, Baltimore.—Advertisement.

## EXHIBITS HERE

Dealers Get Special Cars for Display at the Big Exposition.

Excellent progress is being made by the automobile dealers in their preparations for the big automobile show which opens on Saturday evening in connection with the Soil Products exposition. Show cars are arriving daily and the display which will greet visitors will be the finest of its kind ever seen in the southwest.

The Chalmers show car is now on the floors of the El Paso Auto Sales company. It is a big seven passenger body or the 3400 c. p. m. chassis. There is a change in the hood of the seven passenger cars this season and the hood is wide and forms a straight line effect from the top of the radiator to the top of the hood. This follows out the style of body which has been very popular in European motor circles.

The Toltell Motor company has started decorating its salesrooms and manager M. A. Compton is making a liberal use of terms and palms for decorative purposes. "These decorations are going to be a feature with us," said Mr. Compton. "I'd ever strike you that an automobile is about the highest priced staple on the market. Yet dealers ask buyers to go into a cluttered salesroom and spend \$1000 or more at a clip. I figure that the salesrooms should be fitted as sumptuously as a private office and that is my aim here."

Visitors from out of the city will be tendered the free use of the city talk salesrooms as a meeting place and information bureau. Mr. Compton has an idea that Ben McKenzie, the Tulsa salesman, has a fine frock coat "and trimmings" to be able to put on a proper "front" during show week while the Quick Tire Service, which represents United States tires in this section of the country, will also make a point of special service for visiting motorists and manager D. C. Booth invites any visitor having tire trouble to make use of the special road service of his company.

The Rio Grande Oil company will be another one which will do all possible to make visitors feel at home. Manager L. E. Lockhart states that he could make a poor display with gasoline and lubricants but that he hopes to assist in the entertainment of visitors.

### THIRTY SILVER PRIZE CUPS BEING DISPLAYED

Silver loving cups to be awarded prize winning exhibits at the International Soil Products exposition which opens on Saturday evening will be on display in the windows of the Silberberg jewelry company at Texas and Mesa streets. The cups, 30 in number, are valued at many hundreds of dollars.

The largest cup, which is to be awarded to the best national exhibit or provincial display, is more than three feet in height, exclusive of its base. It is two feet from handle to handle, in width, and is of dull and polished silver.

Other cups for winning experiment station displays, agricultural college displays, county displays, commercial displays, and individual exhibits of crops, also are on display.

### "GROTTO OF MINES" WILL BE BIG FEATURE OF EXPOSITION

Under the direction of R. L. Farrar, head of the mining exhibit section of the Soil Products exposition, a most handsome display of its kind ever assembled in the west was installed Thursday by the El Paso Mines company of Santa Fe, Chihuahua, Mex. W. J. Quinley, manager of the El Paso mines and A. L. Eaton, superintendent, are in charge of the exhibit which is called the "grotto of mines."

The grotto is intended to represent a cave filled with the most valuable of rich ores. The roof of the grotto is formed of white crystals, while the sides and floor are constructed of glittering sulphides and carbonates, silver, lead and zinc ores. A brilliant lighting effect has been installed, and when illuminated the grotto will shine like an array of glittering gems.

### ACCEPT CHARTER CHECK PLAN

Two regiments already have notified Malcolm A. Fraser, secretary of the chamber of commerce, that they will adopt the plan he suggested for allowing the soldiers to attend the Soil Products exposition, paying for their tickets with cash checks instead of cash. Later the regiments will redeem these checks for cash, less 10 per cent. Several other regiments also are expected to adopt this system.

### SILVER CITY BOOSTER HERE

Carl Hinton, secretary of the chamber of commerce of Silver City, N. M., arrived Thursday to install the exhibit from that city, which will show in a striking way its climatic and health advantages. Mr. Hinton has arranged for adequate space for the Soil Products exposition, and will remain here throughout the big show.

### TO AID AT GRAND RAIL

Mrs. S. H. Sutherland, who is in charge of the women helping to direct the grand ball of the Soil Products exposition to be given Oct. 19, has appointed Lieut. Col. George T. Longhorne of the Eighth cavalry, and Lieut. W. H. Allen, Jr., of the 18th Pennsylvania infantry as additional members of the floor committee at the ball.

### CHINA SHIPS EXHIBIT

The China Copper company has shipped a carload of its finest ores to the El Paso, as part of the mineral exhibit at the Soil Products exposition. The display will occupy from 20 to 40 running feet of space. Two representatives of the China Copper company will be in charge of the exhibit.

### Kodak Supplies

We carry at all times a complete line of Eastman Kodak and Supplies. Commercial Office Supply Co. A. W. McLean, Mgr. 209 Tex. St.—Adv.

## EXPOCELINE'S BIG LINE UP

Experts from All Parts of Country Pouring In to Arrange Displays.

Exhibitors from all parts of the country began arriving in El Paso yesterday, to install displays in the buildings of the International Soil Products exposition, which opens Saturday night. A score of exhibits with those who will be in charge of the display, already have arrived, and the work of assembling them has begun. The remainder are expected to arrive this afternoon and Friday.

### T. S. Exhibit Feature

Chief among the exhibits now being assembled is, of course, the \$20,000 government display, which will be seen in the Tri-State Motor company building at West San Antonio and Leon streets. It will occupy 15,000 square feet of floor space and will be much more complete than it was at Denver last year.

A. A. Ormsby, of the office of exhibits of the department of agriculture, at Washington, is in charge of the exhibit. He has assembled a staff of government experts who have been installing the exhibit for several days.

### To Show Plant Industry

P. L. Goll will be in charge of the bureau of plant industry. He will be assisted by John P. Ross, J. E. Mendenhall and A. B. Cross. This exhibit will include the results of government investigation of diseases of plants, dry land agriculture, forage crops, physiological, alkaline and drought resisting crops, and plan life history, seed laboratories.

The exhibit of the bureau of animal industry will be in charge of Joseph Abel. It will include the results of government investigation of poultry, raising, dairying, silo construction and meat inspection.

### Weather Man There

The weather bureau exhibit will be in charge of R. M. Shuler. Results of the investigation by the government of meteorological phenomena, rainfall, sunshine, etc., will be shown with instructions used in the weather bureau office. A large weather map, with daily telegraphic weather reports from all parts of the country, will be a feature of this exhibit.

C. A. Lindstrom will be in charge of the forest service exhibit. The results of experiments in tree planting in dry farm regions, with recommendations as to the kind of trees to be planted for general planting, and the use of preservative treatment of timber will be shown.

### Public Roads Exhibit

The exhibit of the office of public roads and rural engineering will be in charge of M. O. Eldridge, and will include models showing the construction of standard types of roads; photographs of good and bad roads in the United States; and a display of road under construction, with a miniature roller and crushing plant.

The biological survey exhibit will include models of rodents and prairie dogs destructive to farm areas, and will show methods of their eradication.

### Cotton Standards Will Be Exhibited

In the display from the office of markets.

### A Cooperative Showing

Cooperative exhibits from seven western states will make a part of the government exhibit. The representatives in charge of the exhibits are brought to the exposition by the government. The representatives of the different cooperatives are:

Arizona, H. C. Heard; California, J. W. Gilmore; Nebraska, T. A. Kotsch; New Mexico, R. L. Stewart; Oklahoma, A. C. Cook; Utah, C. D. Durrant; and Kansas, Bruce Wilson.

Martin M. Klein, of Washington, is custodian of the exhibit. He is supervising the setting up of the displays. Those in charge of the Canadian government exhibit, which has just arrived in El Paso, are: G. C. Canadian government agent at Kansas City, and W. J. White.

### Mineral Products Assembled

The exhibit from the republic of Mexico now is being assembled in the government building on Leon street. In charge of the exhibit is Claudio A. Saenz, chief of the commission sent by the Mexican government to the exposition. Generators of the commission and lecturer, and R. Castell, attaché.

The Saskatchewan, Canada, exhibit has been fixed in the exhibition building. In charge of this exhibit are: W. W. Thomson, secretary of the department of agriculture, and F. C. Auld, of the department of mining and agriculture.

### Kansas Are Busy

B. S. Wilson, of Kansas state experiment station, was busy Thursday morning supervising the setting up of the Kansas display. R. I. Throckmorton, of Manhattan, Kan., a member of the Kansas experiment station, is expected to arrive in El Paso this afternoon.

Frank Thralls, of Hydro, Okla., and Felix K. West, secretary of the chamber of commerce of Ardmore, Okla., are in charge of the setting up of the Oklahoma party are L. N. Staples, in charge of decoration, and Frank Thralls, who will act as entry clerk, and Miss Amelia West.

### Brings Dakota Exhibit

Charles McAllister, South Dakota commissioner of agriculture, has arrived in El Paso with the South Dakota exhibit. He is stopping at the Shelburn hotel.

Mining exhibits from New Mexico and Arizona have begun to arrive. M. Porterfield, of Silver City, N. M., in charge of the Grant county, N. M., mining exhibit, which will include rich specimens of gold, silver, copper, zinc and various other metals and minerals.

Carl Hinton, secretary of the Silver City chamber of commerce, will be in charge of the New Mexico sanatorium exhibit, which will be in the counties' building on Chihuahua street.

### "Patio" Is Name Of Expo.

Amusement Thoroughfare

Mrs. E. Kline, of 2907 Center street, has been declared the winner of the season ticket to the Soil Products exposition for the best name suggested for the amusement street of the big show. Mrs. Kline offered the name "The Patio" and this has been adopted.

### TWO COMPANIES OF U. S. REGULARS LEAVE FOR DAN

Two companies of the 23d U. S. infantry and a band from the 23d United States infantry left Thursday morning for the motor trucks for the Elephant Butte dam to take part in the celebration there Saturday, incidental to the opening of the vast project. It is expected that the troops will reach Elephant Butte Friday. The distance is 122 miles.

The soldiers and band will be among the features at the celebration. They are under command of Capt. Stevens. It is expected that the return trip will be made Sunday and Monday, the soldiers reaching camp here late Monday, after camping en route.

## EXPOSITION IS READY TO OPEN

Only Seven Spaces Left; Now Up to El Paso, Says Director Hanafourde.

The Soil Products exposition is now complete, so far as the management is concerned, and it is now up to the local exhibitors to have the big show "ten per cent complete" when the doors are thrown open Saturday night, according to director R. K. Hanafourde. Only nine spaces were left for the display when the exposition officers opened Thursday morning and before a clock telegram had been received from Kansas City, Mo., and Barstow, Texas, reserving two of these.

### Only Seven Spaces Left

"There are now only seven spaces left," said Mr. Hanafourde, "and if there are any local business men who want to be represented, they should hurry. The foreign exhibits are all here and are being installed, so that there is no doubt of this part of the work being completed by the opening hour."

"It is the El Paso exhibitors who must hurry to have their displays installed and ready on time. It should be a matter of local pride to give the thousands of visitors who will flock to El Paso a completed show on the opening day."

### Up To El Paso

The exposition management has gone as far as it can. The buildings are complete and the booths finished; now it is up to the El Paso business men to see that the displays are promptly placed.

The doors of the exposition will be thrown open promptly at 7 o'clock Saturday. All the lighting system is ready to turn on at 7 o'clock every steam whistle in the city will blow a blast and every bell will ring to signify the opening.

### MAY NEED MORE SPACE FOR INDIAN EXHIBIT AT EXPO

The management of the soil products exposition has received word from Walter G. West, in charge of the Southern Indian reservation at Leamington, Okla., that he needs more space at the exposition than was contracted for. A space of 100 feet in the exposition building has been turned over to the Indian exhibit, but Mr. West writes that the display from the west alone may require this space.

The southern Indian reservation has contracted for 100 feet of space. F. A. Hutto will be in charge of the exhibit. A great many of the exhibits already have arrived and are being installed.

### Among the Interesting Indian Displays

are the large display of the Kiowa, the Five Civilized tribes of Oklahoma, and the Kiowa Indian Institute of Kansas.

### MEXICAN BAND COMING TO GREAT EXPOSITION.

The Supreme Federal band, one of the most noted musical organizations of Mexico, will arrive in El Paso either late today or Friday morning, coming direct from Mexico City to participate in the exposition. The band will remain in the city for a week, at least.

### The band will arrive in Juarez on a train from Parral and Chihuahua City this evening, and may give a concert in Juarez prior to crossing the river.

No finer musical organization has ever come out of the republic, it is declared in Juarez. There are 55 musicians in the band, which is a military organization.

### SOLDIERS IN PARADE

The Eighth United States cavalry has been assigned to take part next week in the great exposition parades. In addition a special detail of 50 troops will be assigned to police duty at the exposition building. George R. Le Bon and Malcolm A. Frazer, of the chamber of commerce, called upon Gen. George Bell, Jr., Thursday morning and secured action in this matter.

### COLUMBUS EXPO. QUEEN NAMED.

Dr. T. H. Dabney, mayor of Columbus, N. M., has appointed his daughter, Miss Mary Dabney, as queen of the exposition. She will represent his town at the Soil Products exposition. Miss Dabney will arrive here on October 19, and will report to "Miss El Paso," Miss Sarah Small.

### BRINGS MINING EXHIBIT.

W. M. Porterfield, of Silver City, N. M., who will have charge of Grant county's exhibit at the Soil Products exposition, will arrive today to install the display of mining specimens which took first prize at the state fair at Albuquerque, N. M.
